Dedication

The Class of 2007 would like to dedicate this yearbook to our Class Advisor Mrs. Yvonne FitzGerald. Mrs. FitzGerald has been our class advisor for the past 3 years. But she has been much more to our class than just a teacher, an advisor and a coach, she has been a friend to all of us. She helped to get us focused as a class and to work hard for our Senior Year! We want to thank Mrs. Fitz for the many hours of hard work on our behalf - good luck with baby Fitz!

Retirements and Goodbyes

Mrs. Barbara Cangi

Mrs. Cangi taught in Millis for many years, we all had her at one point for Spanish. Millis High School will feel very empty without her. Mrs. Cangi always had her finger on the pulse of Millis High, if you ever wanted to know when an event was happening Mrs. Cangi was the person to go to. Thank you for all 30 years dedication.

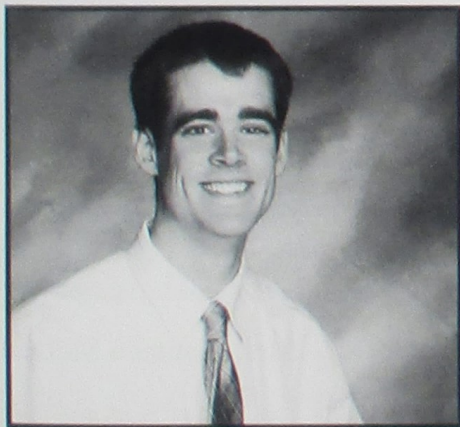

Mrs. Barbara Harrington

Mrs. Harrington retired at the end of September this year. We will miss her and all her Geometry projects. We hope she passed them on to Mrs. Schriver.

Mrs. Barbara Horan

Mrs. Horan decided to retire a bit after school ended this year not giving us the chance to say good-bye. Mrs. Horan was always there in the Guidance office ready to help us with whatever we needed; but don't forget to sign in!!

Mr. Tim Morris

Mr. Morris leaves us after only 5 years in Millis, but he left big shoes to fill. Mr. Morris was the kind teacher that would stay for hours after school to make sure you understood that tricky calculus problem. We will miss the random tangents you go off on and the many ultimate frisbee games! Thanks for everything and good luck Mr. Attorney.

Administration

Dr. Peter Sanchioni
Superintendent

To the class of 2007, I congratulate you on your graduation from Millis High School. At the time you receive this yearbook you all will be months into the next period of your life be it college, work, or the military. I hope the pictures in this book bring a smile to your face as you think back on many happy memories. More importantly, I sincerely hope that the education you received from the Millis Public Schools is serving you well and that you are experiencing much success in your present endeavors.

It's not just in some of us; it is in everyone. And as we let our own lights shine, we unconsciously give other people permission to do the same. As we are liberated from our own fear, our presence automatically liberates others."

Girls Soccer

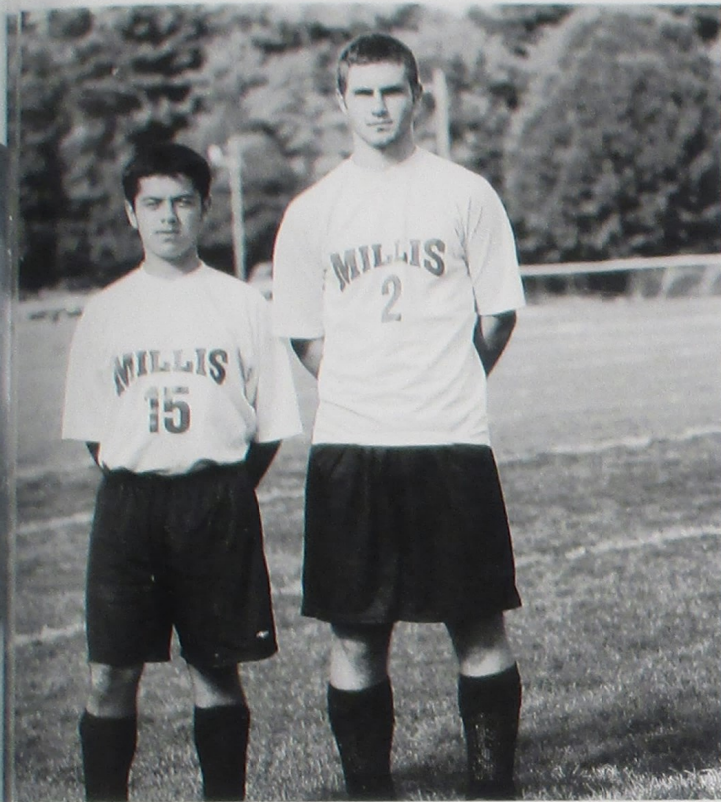

This season was a huge success due to early morning "Gut Camp", play in local summer league, training with George, camp at Oak Grove with CJ, and most of all our coach, Dennis Cutler. Along with qualifying for Tournament for the first time in six years, the girls racked up a list of accomplishments. The team blew Chatham out of the water 7-0 in the first round of the tourney on their home field! Other memorable games include tying Medway on their senior night, beating D/S, and winning the MIAA Sportsmanship award for outstanding leadership on the field. Molly and Sheena were recognized as 1st-team TVL all-stars. Stacey was voted "Most Improved", Amanda "Unsung Hero" and Molly "MVP". The girls have a lot to be proud of and look forward to a successful future. The team wishes the seniors Jessica LaCroix, Britney Davis, Kristina Landau, and Molly Duffy the best of luck in the future!

Boys Soccer

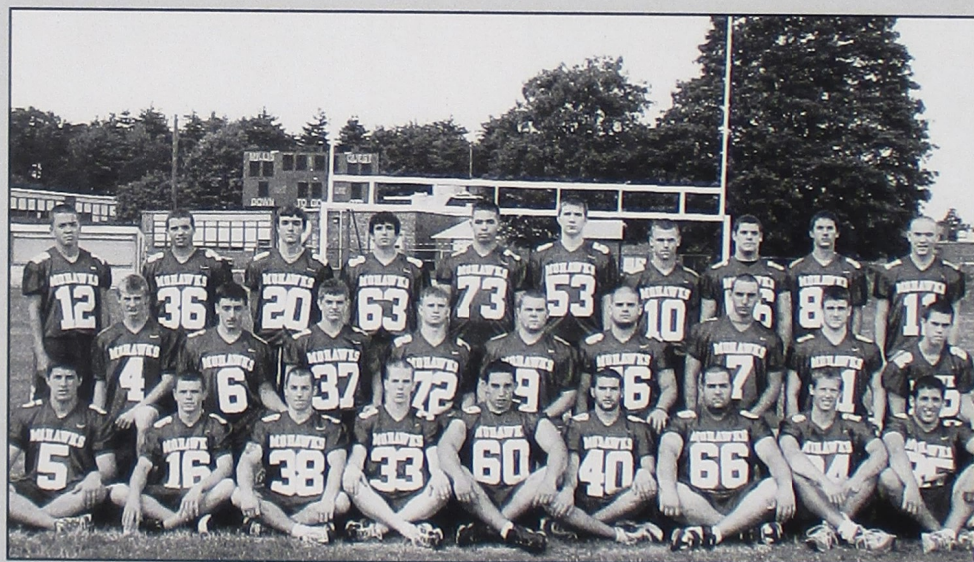

This was a building year for the young team. This group gained a lot of experience over the season and they are sure that it has made them stronger and ready for some great seasons in the future.

Unfortunately it did not last and they ended the season with a 3-8 record but with more wins than in the last two years and defeated the defending Super Bowl Champs. The girls had a great season, once again qualifying for tournament play although they were defeated in the first round. Sam and Anglea guided the team through the season and some hard fought battles against the always challenging TVL teams. Sam and Angela wish next years team the best of luck.

The season went well this year with the team making it to the second round of playoffs putting up a good fight against Lincoln-Sudbury. There were many great matches highlighted by our win over Catholic Memorial. The team will not forget our Sunday morning fitness tests and bonding as a team on Brookline's court. The team played with heart and never gave up and offers the same advice to next years team.

Homecoming was an all-school weekend, with a All-Sports Pep Rally followed by: afternoon games; Powder Puff; the football game; half-time festivities crowning the Homecoming Queen and then wrapped up with the Homecoming Dance. A great weekend was enjoyed by all students.

The Banner competition was a highlight of the Pep Rally, each class makes a banner cheering on Millis teams.

Class of 2007 - Graduation

Valdectorian - Alexis Curry

Good evening Dr. Sanchioni, Mrs. McCann, teachers, families, friends, and fellow classmates. While tonight marks the end of an era in our lives, it also opens a new door with many possibilities. As we go out into the world, we must remember that our actions here in America can have an effect on people in faraway countries. We are not only citizens of the United States, but also of the world. One of our responsibilities as citizens of the world is to try to attain peace.

Peace can save lives and protect the things we love most; without peace there is destruction and chaos. Though some might say that world peace is a silly idealistic goal, it can be realized with the help of an often-underrated virtue: forgiveness. If everyone could forgive then there could be a chance for world peace, but until that day people are dying in Iraq, Russia, Guatemala, China, Darfur, and too many other places. Instead of the art of war, world leaders should learn the art of forgiveness. So, why is there a lack of forgiveness in the world?

Why is it that the person who forgives is considered the weaker person? Why is it synonymous with giving in and caving? If it were truly a simple action why is there so much vengeance and violence in the world? However, Gandhi once said, "The weak never forgive. Forgiveness is the attribute of the strong."

I met a man whose entire family was murdered. Instead of revenge he forgave and actually demanded that the murderer not be sentenced to death. If this man is capable of doing these forgiving actions, everybody in this room can, especially our graduating class. As we leave Millis, we should remember to forgive and always strive to attain peace in our own lives. Good luck to the class of 2007 in all your future endeavors. Thank you.

Welcome - Anglea Chisholm

Good evening Superintendent Dr. Sanchioni and other distinguished faculty, friends, family and fellow graduates.

It has been a privilege to serve as a class officer for the past four years. Although at times a daunting task, the fulfillment of serving my classmates has been well worth the effort. After two years of pursuing the ideal senior year, about several months ago we learned that due to financial limitations we would not be able to attend the desired class trip or have the preferred senior activities. At first glance one may mistake these shortcomings as a failure on our part to achieve the goals we had set freshmen year. But upon further review one will realize that over the past two years we have truly been working on something more than just a senior picnic or trip to the beach, it has been the relationships that were formed that will prove to be most memorable in the long run. And that trip to the beach wasn't so bad.

These relationships have been formed through participation in sports and other activities that developed our interpersonal skills. Twenty years from now, it is less likely that we will find ourselves together reminiscing about how we studied really hard and got an A on the test but that time we stayed up all night leaving our mark on the junior class and how so many of us took it too far. However, we'll never forget the accomplishments of getting through Mr. O's class or finally finishing the ever-lasting senior project.

Salutatorian - Molly Duffy

and evening Dr. Sanchioni, Mrs. McCann, faculty, members of the school committee, family and friends.

With great honor and pride that I stand before you tonight as president of the Millis High School Class of 2007, a whopping group of 76 graduates. It is crazy to think that in a few short hours my fellow classmates, whom I have shared the past thirteen years of my life, will officially become members of the highly anticipated "real world". Unlike many other high schools in the Bay State, Millis has a unique sense of community, one of the most inspiring attributes of living in a small town. Often times, our outstanding achievements go unnoticed, lost forever among the accomplishments of larger regional schools. For example, Millis' second-place finish on the statewide MCAS results, and the fact that Millis athletes have made more appearances in State Championships than any other Valley league rival. Despite our lack of number, we are able to compete with passion and enthusiasm, both academically and athletically, dwarfing neighboring communities with our sense of pride and compassion. Like most high school graduates, we are impressionable, naïve, eighteen year olds with a sheltered sense of the world beyond route 109. But soon enough, we will have to develop a reliance on something other than chicken patty to push through those brutal Monday mornings. And senioritis won't be an acceptable virus to catch again until we are living in a retired housing community in the Florida Keys!

In all seriousness, I am certain the Millis Public School system has prepared us for our post high school endeavors. Although some parents in the audience are a little nervous that the future of America is in OUR hands, I am confident my fellow classmates and I are ready. We are ready to move away from the comfortable confines of our one-winged hallway, our pre-ordered lunch tickets, and the

senior lot. We are ready to face the challenges and obstacles that arise on whichever path we choose to follow. Whether we plan to continue our education through college, enter the work force, or join the military services, we will pursue our dreams with courage and consistency as being a student in Millis has taught us. We are not the type to rattle off a list of accomplishments, for we are a quietly confident crew, modest and humble with our successes. It is no coincidence that our class has instilled mottos such as "Small school, big family", "The Few the Proud", and "Never Outworked" on the Millis community. We will carry this sense of pride wherever we journey off to next year, for this is the essence of the Millis community and the foundation of our characters.

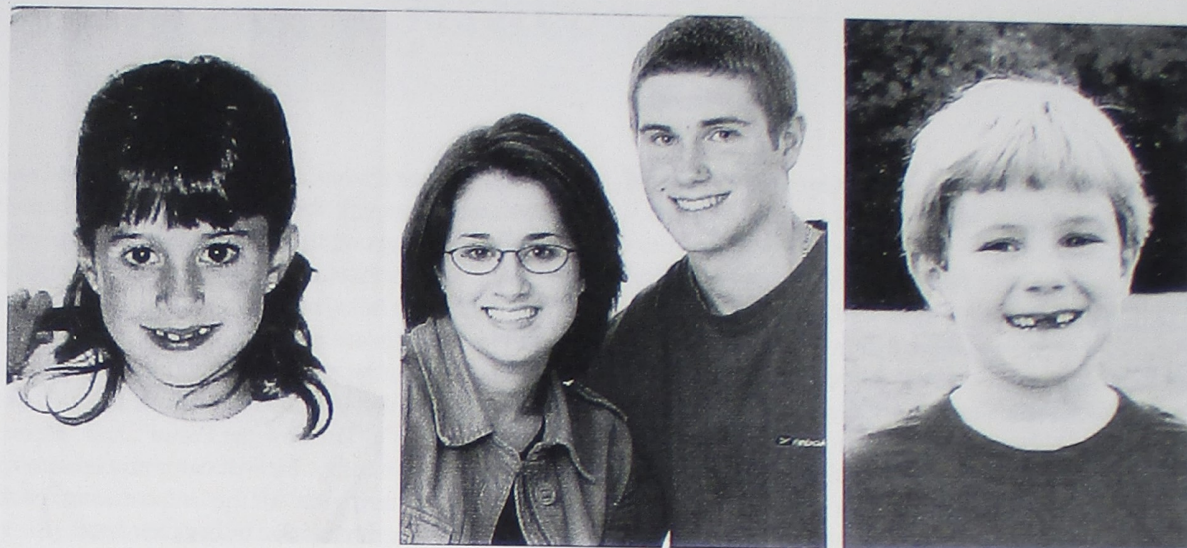

The only request to my fellow graduates is that you come back on our 50th reunion and share your story. Hopefully, you will have tackled life's obstacles, followed your dreams, dared to be different, and impacted the greater community. Every one of us is unique and the world doesn't need a million leaders. However, it is my hope that you will use the idea of community that you have developed here at Millis High to be a contributor. There is something special to be said about being a graduate of Millis High School, for it is the feeling that will linger with you forever. So as Hoff would say, "Carpe Diem!" or "Seize the day!" and take advantage of what Millis has offered you throughout your high school experience. I will conclude my final message with this quote by Margaret Mead: "Never doubt that a small group of thoughtful, committed citizens can change the world; indeed it's the only thing that ever has."

Best of luck to the Millis High School Class of 2007. May you find happiness in all you encounter. Thank you very much.

Although difficult to realize in the mist of deadlines and due dates, after completing four years of high school it is important to step back and reflect on what have been the key parts of our education. The friendships that have been formed and the bonds that have been strengthened will carry with us much longer than any historical dates or the quadratic formula. Regardless of plans for the future or how far any of us will be traveling, the friendships that have developed over the past four years will stay with us.

Over the past three weeks I can't count how many times I've been asked the inevitable question that comes with the territory of being a graduate "so what are your plans for next year?" Of course I respond with how excited I am for college and to get out into the real world. But in all seriousness, I am very excited for college although it is a couple of months away. If only I had a dollar for every time that question was asked... I could pay for my books.

As we set out into the real world and begin to experience the real roller coaster of life, we will soon realize that we are no longer in the safety net of Millis with our teachers to guide us along the way and coaches to motivate us to keep going. From this point on we will be our own driving force and inspiration to make great accomplishments. However, our hard work over the past four years has secured our future for the next four so let us enjoy this next couple of months together without dwelling too much on our future plans.

Erin and Christopher,
